

Sustenabilitatea proiectului

Mesajele post-formare ale cursanților dovedesc intenția lor concretă de a transpune, la nivelul colegilor și al elevilor de la locul de muncă achizițiile cursului C1.

I tried the EU Quiz in my class, I used the quiz made by Bianca as a model to introduce the task, then my students in pairs had to invent their own quiz questions, both types, 3 statements on the EU, 2 of them true, 1 false and the 3 countries task. Then they questioned the other pairs we had a great time. I am planning to build up a new quiz and share it with you for further use, but I haven't had time to type it yet. Here, I attach some photos.

Very in brief:

Basically the Steps that I usually follow are pretty much these ones:

1. Identify the School - partner
2. Choose the project theme
3. Form the teams: TEACHERS/ students

The easiest way would be each partner to pay only for the travel expenses and the Host School to deal with accommodation, in turn, - students will be put up in families, Teachers in hotels.

Or

We Can Apply for a new Comenius that will come as a follow up of the previous one.

Bianca

Dear friends,

Thank you for being in Constanta! I am glad that you enjoyed your stay here and our town as well. I feel it was a constructive week and we started to act like European citizens indeed.

Why don't we continue the NOW and HERE? Two activities come to my mind:

- can't we organize a simultaneous activity as European citizens every month? We have so many ideas gathered at the workshop on the method 635 coordinated by Mrs Sirinian Lucretia. Sometimes the change come from us, without any laws or regulations...
- we have at least one magazine in our schools: maybe we can dedicate one page of it to being an Active European Citizen...

All the best,
Andaluzia

A new friendly net, where I could contribute to the work concerning the European construction.

Je n'ai plus d'élèves, puisque je suis en retraite, mais je peux chercher des écoles partenaires du projet dans la région niçoise.

Dear friends,

I'm writing to thank you for such a wonderful and constructive week. It was a real pleasure to work with

you. I arrived home safely... after 12 hours by train.  I hope to keep in touch and collaborate in future projects. Furthermore I want to thank Mrs. Lucretia S. and Mr. Vasile N. for exemplary organization of this training of trainers.

Best wishes to all,
Andreea
